Morrison in Africa.-A resident of Virginia City received a letter from ex-Chief Morrison Friday, dated at Darfour, Africa, June 11th. Morrison writes that he had just landed a few days before from a French steam transport and was sitting in a tent on the beach with the broad Atlantic before bim and the Dark Continent behind. He is accompanied by an Euglishman, who claims to know the existence of gold placers in the interiors fabulously rich. Morrison states that he left Virginia City on the day of his disappearance in the afternoon, footing it across the desert to Wadsworth where he boarded the eastbound overland express the following morning. He fortunately felt in with a muchinist at Wadsworth, who secured employment at the rational shops at that place, buying from him a through ticket to New York for \$10. Arriving there he took steerage passage in a steamer bound for Harvo, where he met the Englishman who is now his companlou, and they embarked together on the transport for the African port from which the letter was written. In conclusion Bob regrets that the force of circumstances induced him to abscond, and writes that if successful he will refund the sum which he expects will be paid over to the county by his bondsmen.

INSPECTING THE INDIANS.-U. S. Indian Inspector, Major Robt. Gardner, accompanied by Indian Agent W. D. C. Gibson, passed through Carson Friday, says the Index, enroute for the Walker River Reservation. They will return to-morrow evening. It would be advisable for a committee of citizens to wait upon Major Gardner and impress upon his mind the advantage of Carson as the site of the proposed Indian Industrial School to be established in Nevada. If this school should be established here it would be worth a good many thousand dollars a year to our business men. Reno will get away with it if Carson neglects the opportunity. This is the proper place for the school, without doubt, but we cannot hope to get anything if we do not ask for it. The opinion and influence of an officer like Major Gardner would doubtless be of great value in our behalf, and no reasonable effort should be spared to secure it.

Mrs. Scoville, who formerly taught the Kindergarten school here, and her little daughter, passed through Reno Sunday evening returning to Oakland, where she holds a position in Mill's Seminary. Mrs. S. has been at Tahoe spending vacation and came down by way of Carson.

The Enterprise says, the \$25 25 mentioned as the round-trip rate between Virginia City and San Francisco, good for thirty days, is the regularly-established rate, against \$27 50, the price heretofore ruling. The reduction is not large, but acceptable all the same.

MURDER AND SUICIDE .- A telegram was received in Eureka Friday morning at half-past 8 o'clock from Butte, Montana, saying that J. C. Henderson, formerly a well known citizen of Lincoln county, had just been shot and killed by J. Moore, who had been for several years a resident of Pioche. The wife of the deceased is a sister of Mrs. George Rives, of Eureka, Mr. Rives telegraphed for his own satisfaction to a friend in Butte, Judge Campbell, for particulars of the shooting, and in less than a half an hour he received a long answer, which stated that Mr. Henderson, who was a dry goods and clothing merchant in that city, had just opened his store for the day when J. Moore deliberately walked in and fired at him three shots, killing him instantly. Moore then placed the revolver to his own head and blow his brains out. Mr. Henderson was for many years a respected citizen of Lincoln county. During his residence there he served three terms as County Recorder and one as Assessor.

A GRAND JURY EPISODE. -The Ormsby Grand Jury in session the other day had a heated discussion over the question of indicting the person or persons who obtained what purported to be a ballot cast at the general election four years ago. The Iudex is not able to report the details of the debate, but it is said that only the statute of limitation acted as a bar to the prosecution of the guilty parties. It must be conceded that the present election law is not strong in regard to the punishment of such a wrong as this, and it is probable the next Legislature will be called upon to place more trustworthy safeguards about the secrecy of the ballot.

HOMEWARD BOUND .- Yesterday morning Reverend Father Cook, Superior, Fathers Smolders, Meurer, New, Mc-Laughlin, Hening, Clark, Distler, O'Shea and Lamy, five of whom are from St. Louis, three from Kansas City, one from Detroit and one from New Orleans, were passengers for the East on the overland train from California, where they have been for the last seven months engaged in missionary work.

MINING EXCITEMENT.—The Truckee Republican says: A fine ledge of gold bearing ore is said to have been discovered a few days ago, about three miles below Bronco, near the river, on the opposite side from the railroad. The ledge is six feet wide, and the rock is said to assay \$75 per ton. The discovery was made by a sheep herder. A number of locations have been made, and the vicinity is alive with propectors. This may be a good mining camp some-

THE COMING VETERANS .- The delegations from all the New England States, and from Brooklyn, Troy, Albany, Pittsburg and Philadelphia, numbering nearly 700 people, arrived in Omaha Sunday morning, on a special train of ten care. After visiting Denver and Salt Lake, they will pass through here Friday night or Saturday morning on their way to San Francisco.

Dr. Freeman Coming.—Dr. Freeman. the well-known specialist, representing the State Dispensary, San Francisco, will be at the Depot Hotel, Reno, Thursday and Friday, July 29th and 30th, fully prepared to treat club or real feet, crooked or curved spine, hip and diseases of the knee, also ear, catarrh. deafness, throat and lung affections. Consultation free.

Wm. Carricker, a carpenter, aged about 50 years, was arrested yesterday morning, and examined as to his lunacy, in the afternoon, and taken to the Asylum. He was an inmate of the Asylum about ten years, ago having become insane while trying to perfect perpetual motion. He was very wild yesterday, yelling at the top of his voice.

BURGLARY. - On retiring Saturday night, Phil. Reese, of the foundry, left the front door of his house open, on account of the heat, only closing the screen door. During the night some bold individual entered and abstracted \$55 from Phil's pants pocket. Mr. Reese will hereafter sleep with all the doors locked even if he roasts.

John Mehegan scaled the fence at the Asylum Sunday, and is now at large. He is not at all dangerous, and is known as "Senator Jones' coachman."

DEACON PARRINSON IN RENO. - The following items from the Carson Tribune of Saturday evening are observations taken by the Descon while sojourning in Reno last Friday, and getting a few hours rest away from the din of political battle now raging bot at the Capital:

Mr. H. E. Davis, a gentleman wellknown in Carson, is barkeeper at the Depot Hotel, Reno, and is always ready to entertain his old friends in true Neva da style.

The day train from Reno to San Francisco is a great accommodation, as attached thereto is a parlor car fitted up in such style that the journey becomes an absolute pleasure trip. Reno is a very dull town just now, and only for the railroad would look far

more quiet than Carson. This is harvest time and coin will be scarce for a month or two. From Verdi, Nev., comes the news that wood entiers and loggers have con-

cluded to ignore the anti-Chinese commandments and are employing Celestials wherever they may be needed. The old war-horse of Western Nevada

Dan Pine, now Deputy Sheriff of Washoe county, is candidate for the office of chief at the next election. Dan is much respected in Reno and if he gets the nomination he will be a hard horse to curry.

If Governor Adams imagines be can secure the Democratic vote of Washoe county he is very much mistaken, and the Tribune stands ready to bet that he cannot control the vote of the Miner's Union of Storey, on which he places so much dependence.

Captain John Alexander seems to be choice of the Washoe county folks for Attorney General on the Republican ticket, and as he will be the only one in the county who looks for a State office, the chances are that he will succeed in securing the nomination.

Last evening the Reno brass band gave a serenade to the proprietors of the Denot Hotel; chairs had been placed in the fountain shrubbery for the band and a large crowd of gentlemen and ladies listened to the soul stirring music. The Reno band is a first-class one, composed of live young men.

Overdrawn.-The following item from last evening's Gazette we gladly copy, out of justice to W. T. O'Harra. Some time ago the Gazette published an item reflecting scriously upon W. T. O'Harra's treatment of his aged father, and stated that he had gone to Butte City, Montana, leaving him destitute, the same item being published the following morning in the NEVADA STATE JOURNAL. The reporter who wrote it got it incidentally in the discharge of his daily duty, and was assured that the facts were as stated. Mr. O'Harra has returned to Reno and is naturally indignant at being put in a false position. He says: "While I made no public statement of my financial condition at the time I left for Montana, these being exclusively private matters. I left my father in good condition and sent money to provide for his wants." His trip to Montana was for the purpose of solling the right to his furnace for working ores, and the notice being copied there into the Daily Fies Press minred him very much, a circumstance which th Gazette greatly regrets. And we would further state that papers that have published the first item will do Mr. O'Harra

Senator Jones in a coversation regarding the Senatorial contest in Neyada, said that it was in a chaotic state. and that he is taking no active part in the controversy. Three times the people of Nevada had elected him to the Senate, twice without the expenditure of a dollar on his part, and under the circumstances he does not feel like attempting to influence their decision as to who his colleague shall be.
